

## Fluvial Geomorphic Assessment Disclaimer

The following two reports "Credit River, MN Final Report – Fluvial Geomorphic Assessment, January 29, 2008" and Sand Creek, MN Final Report – Fluvial Geomorphic Assessment, June 23, 2008" are reports written by our consultant hired to perform the geomorphic assessments. The reports identify multiple projects on Credit River, Sand Creek and its tributaries. Those projects identified do not reflect the opinion of the Scott Watershed Management Organization (WMO) and the WMO has not currently taken a position on the feasibility or desirability to implement those projects identified.
