Learn how to keep your teen safe online.

Parents are not always aware of all the unknown ways kids are communicating online. And most kids do not understand the potential legal and life-long consequences of their social media and smartphone use.

Both parents and teenagers are invited to attend a free educational forum at Prior Lake High School to discuss the dangers of online predators, sexting, and how to keep teens safe online. Presenters will include Scott County Attorney Ron Hocesvar, Scott County Sheriff Luke Hennen and NetSmarztz. Prior Lake and Savage Police Departments will participate in the Q & A after the presentation.

September 20

7-9 p.m.

Prior Lake High School • 7575 150th St. W, Savage
